Key West, FL 33040

Dear Priscilla Teasdale:

Congratulations! I am pleased to announce that your program, Accident Trend Analysis Fiscal Year 1992, has been selected for a 1994 NACo Achievement Award. In this 25th year of the Achievement Award program, NACo is extremely pleased with the record number of submissions and the high caliber of county programs and projects. NACo is proud to confer this award and recognize your hard work to promote responsible and effective county government.

To honor award winners, NACo's Research Department is sponsoring an Achievement Award booth at NACo's Annual Conference, July 31 - August 4, in Clark County, Nevada where your county's chief elected official or his/her designee will be able to receive the certificate for this program. A photographer will be available for limited hours during the conference to record the presentation of the certificate to your county by a NACo official. A selection of award-winning entries also will be on display at the conference booth. Finally, all award winners will be collectively recognized at a general session of the conference delegates. If you need information regarding registration for the Annual Conference, contact Horacio Gavilan at 202/942-4220. In the event that no one from your county can attend the Annual Conference, your certificate(s) will be mailed to your county's chief elected official in August.

Questions concerning the award program can be directed to the Research Department at 202/942-4226 or 202/942-4285.

NACo greatly appreciates your participation in our Achievement Award program. In addition to giving us an opportunity to formally recognize effective and creative programs, this program enhances our awareness of county activities and allows us to share valuable information with many counties. Again, you have our thanks and our congratulations.

Sincerely,

Larry Naake
Executive Director
